If you or your clients are new to cryptocurrency and looking for an overview of the tax issues associated with cryptocurrencies, including how to structure transactions and what the tax consequences of different types of transactions may be – this is the program for you. The program will also cover IRS reporting guidelines for virtual currencies and is applicable to both businesses and investors.

Topics

- Introduction to blockchain and cryptocurrency tax topics
- Tax law issues and considerations for structuring transactions
- Official guidance and recent IRS developments
- Compliance and reporting issues
