Careers in Corporate Law

The field of corporate law provides rich opportunities for lawyers to interact with emerging and growth companies, venture capital funds, corporate venture capital clients, and private equity clients. Lawyers generally assist companies with a full range of "legal services," including formation, flips, and financings, mergers & acquisitions, licensing deals, commercial contracts, executive compensation, labor & employment, and corporate governance. Are you interested in the field? Find out what practitioners from law firms and corporations do on a day-to-day basis, and their perspectives on hiring.
