On December 5, 2024, the San Francisco Bay Conservation and Development Commission (BCDC) adopted the Regional Shoreline Adaptation Plan (RSAP). The RSAP is a region-wide plan for the San Francisco Bay shoreline that guides the creation of coordinated, locally planned sea level rise adaptation actions that work together to achieve a regional One Bay Vision. This includes BCDC's guidelines for how local governments must meet the requirements of SB 272, a new State mandate that requires all local governments along the shoreline to prepare a Subregional Shoreline Adaptation Plan by 2034.

Come join us and have lunch with Larry Goldzband, the Executive Director of BCDC, to learn about the RSAP and what it means for future development activity in the San Francisco Bay Area.
