AI is already reshaping how employment lawyers work—are you using it effectively? In this engaging and practical program, panelists will show how attorneys are leveraging AI across the lifecycle of a case, from organizing documents to conducting interviews to drafting, revising, and analyzing evidence. Through demonstrations and candid explanations, the panel will highlight what works, what doesn't, and how to distinguish hype from useful tools. The program will also cover key guardrails around privacy, accuracy, and professional responsibility, giving attendees the knowledge they need to adopt AI with confidence.

Topics

- Evaluation of AI tools panelists are using now
- Demonstration of ways to use AI to streamline workplace investigations
- Approaches that can be used by employment practitioners in law practices of every size
- Tips to ensure your use of AI is ethical and responsible
