In this presentation, Romy Taubman and Lexi Mussallem will educate on some of the thornier issues family law attorneys face in dealing with spousal support – whether in front of a judge or in a negotiation.

Topics

- Waivers of spousal support in premarital agreements: do they effectively waive temporary support?
- Post-marital agreements: can you actually waive spousal support?
- Temporary spousal support: can you actually deviate from temporary support guideline and under what circumstances?
- Marital Standard of Living: how important is it? How do you define it? What can you do if you cannot afford a forensic accountant?
- Savings and charitable giving: are these really part of the marital standard of living?
- "Rules of thumb": why is post-judgment support less than temporary support?
